Could You Support the Trust?

Bournemouth 2026 Trust is seeking support to provide management and administration of its core activities.

The Trustees are looking for costed proposals to provide management, administration and bookkeeping services and there is more information including a specification on the website. The Trust will consider secondments of suitably qualified and experienced persons working for another organisation who wish to extend their role or work in a different environment. Proposals are required by close of business on March 6th, and selection will take place the following week.

Full details can be found [here ...](#)

How the Trust Supports You!

The Trust wishes to thank all our members for their continued support whether paying or non-paying.

We rely on membership subscriptions to continue supporting partnership working, produce a newsletter, advocate for Bournemouth, produce and update the community strategy and help to bring in funding to the area. And don't forget that membership entitles your organisation to discounted use of the meeting rooms at The Old School House, free publicity for vacancies, events and opportunities through our website and to influence local plans and strategies.

We are asking that you check your organisation is on the correct membership rate when you sign up for another year, as only individuals and organisations with a turnover of less than £10,000 per year are entitled to free membership. We aspire for members that join us on a free basis, that they can work towards increasing their income and we aim to help them with that. If they cross that threshold we hope that in future years they will wish to continue with membership on a paid basis.

Current rates for membership are on our website [here...](#)
