## Bournemouth 2026 Trust Conference & AGM

The Annual Conference and AGM for Bournemouth 2026 Trust was held on 23 November 2016 at The Old School House. There was a great turnout of members who were entertained by a informative presentation about what the Trust has achieved over the last 10 years.

Attendees also helped the Trust determine how to move forward by participating in a PESTLE analysis exercise which considers the Political, Economic, Sociological, Technological, Legal and Environmental factors affecting a community. After the AGM, members had the opportunity to network over lunch.

The conference presentation and 2015-16 Annual Review in 80 seconds can be found on the website [here](#) and [here](#) respectively.

### ***Why are you a member of Bournemouth 2026 Trust?***

To be part of a network of other local community minded organisations, especially those that aim to support people with their mental and emotional wellbeing, underpinned by principles of affordability and accessibility.

### ***What can and does the Trust do for you as a member that you find valuable?***

Over time, we shall be looking to work in partnership with other organisations to offer different opportunities to support people's mental and emotional wellbeing. Being part of Bournemouth 2026 means we can link up with those who have similar ambitions to us.

We are keen to learn about how we can work with different people over time. We know that the Trust is linked with all sorts of organisations and groups , and so, we can all learn together.
