Why are you a member of Bournemouth 2026 Trust?

Having worked in local government for over 20 years I saw first hand the positive difference that partnership working made to individuals and families. I had the privilege of working across Bournemouth and Christchurch including in Bournemouth Town Centre and Boscombe and I wanted to continue to work in partnership with others in these areas.

What can and does the Trust do for you as a member that you find valuable?

I am able to hire a room at The Old School House for my counselling and coaching sessions. I always get a warm welcome and my clients have commented very favourably on the room and convenience of the location. By having this base in Boscombe I have had the huge privilege of working with clients who live in Boscombe who wouldn't otherwise have been able to access the other venues where I am based.

How do you see Bournemouth 2026 Trust being of value to Bournemouth?

Working in partnership across a broad range of areas to improve the quality of life for people living and working in Bournemouth, particularly those who find themselves in disadvantaged positions. Facilitating and fostering a sense of community, bigger perspectives and enabling local people to have the support they need to aim high and improve their long term potential and life choices in Bournemouth.
